

# INSTITUTE TRAIN SCHEDULE FIXED

Many Stops Will Be Made Between Alexandria and Danville.

## FULL STRENGTH OF MILITIA

Small Attendance at Gettysburg Not Allowed—Much Road Work.

Announcement was made yesterday of the schedule arranged for the Farmers' Institute train which will be run by the Southern Railway during the week beginning May 16. The train is to run the entire length of the State on the main line of the road from Alexandria to Danville.

The speakers engaged for the series of institutes are: W. D. Winn, of West Virginia; J. F. Gordon, of Jamestown, Ohio; S. B. Heiges, of Powhatan, and Commissioner of Agriculture George W. Kolner, with possibly W. W. Sprout, of Augusta. Each man will have special subjects upon which to speak.

It was originally intended to hold an institute at Springfield, but it has been found that there was not sufficient siding at that point and it has been changed to Burke. The institutes will number three a day, the train at times going on to towns for the night where no meetings will be held. The only institute to be held in the morning after an all-night stop will be held at Amherst.

- List of Stops.**
- Following is the schedule:
- Monday, May 16—Leave Alexandria 9:15 A. M.; arrive Burke 9:25; leave Burke 10:05; arrive Fairfax 11:25; leave Fairfax 1:15 P. M.; arrive Manassas 1:35.
- Tuesday, May 17—Leave Manassas 9:10 A. M.; arrive Nokesville 9:30; leave Nokesville 11:20; arrive Remington 11:55; leave Remington 1:45 P. M.; arrive Culpeper 2:10.
- Wednesday, May 18—Leave Culpeper 9:10 A. M.; arrive Rapidan 9:30; leave Rapidan 11:20; arrive Orange 11:55; leave Orange 1:25 P. M.; arrive Barboursville 1:50; leave Barboursville 3:40; arrive Charlottesville 4:55.

- Friday, May 20—Leave Amherst 9:11 A. M.; arrive Evinston 12:15 P. M.; leave Evinston 2:15; arrive Franklin Junction 3:20 A. M.; arrive Union Hall 9:20; leave Union Hall 11:15; arrive Chatham 12:30; leave Chatham 5; arrive Danville 5:15.

## ATTENDANCE MUST BE FULL

Militia Companies Will Get No Money Unless They Show Strength.

No militia company will be considered as warranting the expenditure of Federal funds for transportation, subsistence and pay that has a strength less than four full sets of fours. So reads an order issued yesterday by Adjutant-General W. W. Sale. This order is intended to stimulate the effort to secure leaves of absence for those men who are employed by others, for unless their company measures up it cannot go to the encampment at Gettysburg excepting at the expense of the men themselves.

Adjutant-General Sale said that the minimum strength of each organization should be not less than four full sets of fours—thirty-two men, i. e., twenty-eight privates and ten corporals—and the appropriate number of sergeants, six.

**Officers' Equipment.**

The equipment to be taken by officers to the Petersburg encampment is detailed in a communication received by General Sale from Captain C. E. Thorne, of the Twenty-fourth United States Infantry, who is the officer in charge of camps of instruction for militia officers, Department of the East. Captain Thorne says the department commander has decided that as the officers will not be called upon to command troops while in this camp, the sabre may be dispensed with.

The following equipment, in addition to whatever messing arrangements the State Department may make, is suggested:

For all officers—Revolver and belt, haversack and strap, canteen and strap, field glass, watch, compass, note book, pencils (including red and blue pencils), necessary bedding, raincoat, cape or poncho.

Additional for captains and lieutenants—One United States magazine rifle, calibre .30, including oiler filled oil, and brush, tooth and case; one bayonet, one bayonet scabbard, one gun sling, one rifle, cartridge belt and fasteners, one pair rifle cartridge belt suspenders.

For the three officers of each company—One barrack cleaning rod, a small bottle of oil and one yard of cotton flannel or other cloth for cleaning purposes.

## ROAD BOND ISSUE VOTED

Many Dates Set for Opening Bids on Highway Construction.

The State Highway Commission has learned that one of the magisterial districts of Rappahannock county has voted for a bond issue of \$30,000 for good roads. There were sixty-three votes for and only four against in the district affected, while in the whole county there was a majority of 117 for the issue. While the district gets the use of all the money and must pay the

terest from its own road funds, the county issues the bonds.

With this money, added to state aid, a road will be built from Flint Hill to the Warren county line, a distance of seven and one-half miles. It is believed that Warren county will probably take up the work at the border and extend the road to Front Royal, in order to secure the trade which will come from the northern end of Rappahannock. The Warren county end of the road would be five and one-half miles long.

Spotsylvania county has marketed enough of the bonds voted at a recent election to handle the work which is to be done this year.

A great deal of work is being planned throughout the State for better highways. In Greeneville county thirty-seven miles of road will be opened in 1910.

Bids for road construction will be opened in Stafford on May 2, in Rockbridge on May 4, in Henry on May 5, in Campbell on May 10, in Spotsylvania on May 15, and in Fairfax on May 19.

**Record Books for Soldiers.**

The new record books provided by act of the Legislature for the use of the Department of Virginia Military Records have just been received by Secretary J. V. Bidgood. This first consignment is composed of three books of 600 large pages each, for the infantry branch alone. There are blanks for the number, the name of the soldier, the date and place of enlistment, the rank, and for remarks. At the head of each page the company, regiment and brigade are indicated. The Assistant Secretary W. E. Burnley is now out in the State securing information for the department. Upon his return the tremendous task of enrolling the Confederate soldiers will be begun.

**Arranging for Institutes.**

Commissioner of Agriculture George W. Kolner spent yesterday in Washington arranging details of the Farmers' Institute train over the Southern Railway.

**Governor Away.**

Governor and Mrs. Mann spent yesterday at Old Point Comfort, where they attended the dinner party given by President Stevens, of the Chesapeake and Ohio Railway.

The Governor has been compelled, on account of the urgent call of public affairs, to cancel an engagement to speak at a school rally at Fork Union, Fluvanna county, to-morrow.

**Druggists Must Discontinue Practice—Officers of Pharmacy Board.**

With the election not officers, the annual meeting of the State Board of Pharmacy came to an end yesterday afternoon. H. S. Arrington, of Norfolk, was elected president, succeeding James L. Avis, of Harrisonburg, who now retires from the board. T. A. Miller, of Richmond, was re-elected secretary and treasurer.

On account of improper habits, the certificate of a certain Virginia pharmacist was cancelled and he can no longer dispense drugs in this state unless reinstated at some future meeting. Another druggist, who was put on probation at the last meeting, was found to have not reformed, and he was definitely deprived of his certificate.

John R. Jackson, of Fawcett, recently appointed on the board to succeed Captain Avis, took his seat at the conclusion of yesterday's session. He has been present throughout the meeting.

# BAD HABITS CAUSE LOSS OF LICENSE

It was determined to hold the next three meetings of the board on the first Tuesday each of July, October and January next.

In a resolution complimenting Captain Avis was unanimously adopted.

**Chesapeake and Ohio Revenue Takes High Jump in March.**

The net operating revenue of the Chesapeake and Ohio system increased 40 per cent. in March, 1910, as compared with the corresponding month of 1909. In a statement issued yesterday by E. Sullivan, comptroller, the total operating revenues for March amounted to \$2,359,697.73, an increase of \$1,664.99, or 21 per cent., over the same period of 1909. Freight revenue for the month was \$2,281,648.43, and the passenger revenue, \$77,938.43. Operating expenses were \$1,619,372.33, an increase of \$234,143.72, or 21 per cent. The net operating revenue therefore was \$1,238,769.90, an increase of \$252,312.72, or 40 per cent.

For the first nine months of the fiscal year from July 1, 1909, to March 31, 1910, the net operating revenue of the road has increased 27 per cent. Operating revenues for the period were \$23,470,944.30, an increase of \$3,821,692.37, or 29 per cent. Operating expenses were \$13,328,717.47, an increase of \$1,811,671.82, or 15 per cent. The net operating revenue for the first three quarters of the year was \$10,142,226.83, an increase of \$2,029,020.55, or 27 per cent.

## POLICE COURT CASES.

**Wanzer and Lee Waive Examination for Alleged Misdemeanor Assault.**

At the instance of their counsel, Hiram Smith, Eddie Wanzer and Tassie Lee, colored, charged with a misdemeanor assault on Gilbert Hulcher, a young white boy, waived examination in Police Court yesterday morning, and the case will go to the Hustings Court for trial. Hulcher, a young white boy, was fractured by a stone alleged to have been thrown by Wanzer, and he has not yet recovered from the assault occurred on March 27.

The case against Leslie Page, white, charged with attempted criminal assault on Estella Payne, was continued May 11.

Laura Jones, colored, charged with stealing a watch, a handkerchief and a pair of shoes, valued at \$10 worth in all, from Phoebe Jasper, was sentenced to ninety days in jail.

**Helped by Public.**

He is grateful to the people for the information which has been given him and for the general readiness to answer the interrogatories. That a large amount of trouble has been avoided he believes to be due to the loyalty and co-operation of the press.

Some of the country enumerators are just finishing their work. Others will be through until May 15. In some cases these men are just getting into the swing and are making full reports.

All enumerators will keep their portfolios until Thursday night, whether they are called upon for more work or not. At that time they will close their reports and send them in. If they are needed for additional labor they will be called on later. While names can be recorded for perhaps a week or two it is best to let the supervisor's office know at once. Every day's delay increases the difficulty of getting the reports straight. Do it now.

# FORMER MINISTER ORDERED TO JAIL FOR CRUELLY WHIPPING HIS SON

Little Fellow's Lacerated Back Exhibited to Crutchfield in Court.

## BOUND AND GAGGED FIRST

Monroe Campbell Given Fine of \$100 and Six Months in City Jail.

Charged with unmercifully beating his twelve-year-old son, Joseph J. Monroe Campbell, of 810 East Leigh Street, formerly a member of the Methodist ministry, was fined \$100 and sentenced to six months in jail by Justice Crutchfield yesterday morning.

The principal witness against the parent was his little son, who tremblingly told the court that Campbell had bound and gagged him last Tuesday morning and then flogged him with a four-foot rawhide strap for ten or fifteen minutes. He told of how he had begged his father not to make him strip, but the latter had forced him to take off all except his underclothes. Then, according to his testimony, the boy was tied hand and feet, a rag was stuffed in his mouth to prevent his utterances from making people outside the room believe that murder was being done, and then a beating unparalleled in the history of a court where man's inhumanity to man is a constant tale, was administered. Spectators were astounded that the father could have so far forgotten himself. But this was not all.

**Justice Saw the Wounds.**

Dr. William P. Matthews, who had been called to dress the boy's wounds, was called on by Justice Crutchfield to give expert testimony. The physician stated that the boy's back was covered with bruises and welts, and he characterized it as a pitiful sight. Then Justice Crutchfield, to assure himself that he had reason to doubt that the boy's story was true, ordered him back into his private office for examination. After five days' lapse the boy's back was still covered with cuts, some of them three inches long, and the scars extended over his eye and across his cheek.

It was enough. Justice Crutchfield returned to the courtroom. His face was white. He arraigned the man with more scolding bitterness than he has ever used to punish a prisoner.

"You are the most inhuman father I have ever known in my experience of forty years on the bench. You deserve to be punished, and punished heavily. I sentence you to pay the costs of this case, and to serve six months in the City Jail."

There was a demonstration. Every one thought that the sentence was deserved, and did not fail to express approval. Mr. Campbell appeared and was bailed in the sum of \$500, with A. Briggs as surety.

**Aroused Great Feeling.**

But, in order that the wounds could still be used as direct testimony in the event that they heal before the case comes to trial in the Hustings Court, Justice Crutchfield directed the police authorities to have the boy's back photographed. The photograph shows the cuts and bruises plainly.

Inhuman treatment of the boy was reported to The Times-Dispatch last Tuesday, and on Wednesday morning appeared an account of the fact that Joseph was sent from school by Professor W. A. Crenshaw to be treated at the Retreat for the Sick. The boy reappeared later, but was not in condition to pursue his studies, and was dismissed for the day.

The only cause assigned by the father for the beating was that the boy did not reach a sufficiently high mark in his work. He received three demerits on the day of the beating. His work did not improve with the flogging. His condition was such that he was unable to attend school, and constant study. His mind was more upon his back than upon his book. When the police heard of the cruel beating they began an investigation, and arrest followed on Friday.

Campbell has been assisting the Salvation Army in its open-air meetings in Broad Street.

# CENSUS JOB LASTS UNTIL THURSDAY

Enumerators' Time Extended Five Days—Office Wants Information.

All census enumerators will be official on the job until next Thursday night. Not all of them will be at work in the meantime, but they will be ready to go to any location in the districts where it is alleged there are people who have not been counted, and to aid any other enumerator who may not be able to finish his allotted task in time.

It does not mean that every name must be in by Thursday night. After that time, said Supervisor C. Ridgeway Moore yesterday, if any one can be heard from who has not been seen by the census-taker, the information will be secured. Just when the Richmond count will positively and finally be closed has not been determined.

Mr. Moore believes that he has the names and the other required information about not less than 95 per cent. of the population of Richmond. Whether or not he gets the remainder depends upon the people and not upon him. He will get every person he can hear of. Those not counted must be heard of before they can get into the census.

**Helped by Public.**

He is grateful to the people for the information which has been given him and for the general readiness to answer the interrogatories. That a large amount of trouble has been avoided he believes to be due to the loyalty and co-operation of the press.

# ODD-FELLOWS TO OBSERVE BIG DAY POST A WILL SEND BIG DELEGATION

Ninety-first Anniversary to Be Celebrated at Bijou This Afternoon.

With appropriate ceremonies, the ninety-first anniversary of the founding of the Independent Order of Odd Fellows in America will be celebrated by the lodges of Richmond and vicinity at 5 o'clock this afternoon in the Bijou Theatre. The meeting will be under the direction of a joint committee representing sixteen lodges, including those of Highland Springs, Highland Park and Ridge Church. A delegation will be present from the Ashtand Lodge, 1111 Montague is chairman of the joint committee and will preside over the meeting.

The exercises will consist of music and an oration by Rev. W. I. Canter, grand chaplain of the Sovereign Grand Lodge. The orator of the occasion is a presiding elder of the Methodist Church in West Virginia, and is a past grand master and past grand representative of the order. A well known speaker on the principles and history of Odd Fellowship, he is likewise famed as a lecturer. Lieutenant-Governor J. Taylor Ellison will introduce him to the audience.

No tickets of admission have been issued, the public being cordially invited to attend. The members of the joint committee will occupy seats on the stage, while the women members of Friendship Rebekah Lodge will occupy seats in the boxes.

The Grace Street Baptist Church quartet will sing. The program is: Orchestral prelude...Stein's Orchestra. Invocation...Rev. G. M. W. Taylor. Opening ode...Orchestra and Audience Cantata in "C" (Dudley Buck).

Two thousand members of the Order of Odd Fellows live in Richmond, the membership in the entire State amounting to 36,000. The next Grand Encampment, Grand Lodge, Rev. W. T. Taylor will meet in Danville, May 8-11, with a large attendance.

## DOCK NOT BARRICADED

**E. L. Hembs and E. B. Addison Fined for Non-Compliance with Ordinance.**

E. L. Hembs and E. B. Addison, a committee acting for the bondholders of the Triggs Shipbuilding Company, were fined \$10 in Police Court yesterday morning for alleged failure to barricade the dock between Seventeenth and Twenty-eighth Streets, in compliance with an ordinance recently passed. The case was appealed, the defendants wishing to test the city's right to enforce the ordinance which they declare would seriously hamper commerce.

The dock has been the scene of many fatalities resulting from accidental drowning. Attention to its dangers has been called several times by the police and by Coroner Taylor.

## BRAKEMAN KILLED

**Richard Gaines Meets Death in Yard at Locomotive Plant.**

In the act of coupling two railway cars at the Richmond branch of the American Locomotive Company, Richard Gaines, a colored brakeman, was crushed to death at noon yesterday. The accident occurred at a curve in the track, and death was instantaneous. Dr. J. L. Davis, the evidence of the accident, was summoned, but he could do nothing except examine the man's injuries.

## Trials May Be Deferred.

It is the impression in Richmond that the trials of Edward Daniel, the president of the defunct bank at Charlotte Courthouse, and of F. C. Thornton, its cashier, will not come up at the term which begins to-morrow. A postponement is considered likely. Secretary R. T. Wilson, of the State Corporation Commission, who was summoned as a witness, has received notice that he will be wired for if he is needed.

## Injured by Explosion.

New York, April 30.—Six men were injured, three of them seriously, today in a boiler explosion on Barren Island, down the harbor. The men were in the boiler house at the time of the explosion.

## MUCH LIKE EXPOSITION WHITAKER TRAFFIC MAN

Two Big Concerts for Visitors by Noted Musical Organizations. Freight and Passenger Officials Report Hereafter to Him, Walker Promoted.

As perfectly planned as the symphony of a master-musician, the convention of the National Association of Piano Dealers, which meets here May 16-20, promises to be a red letter event of the year. It marks a new epoch in the history of the association, for an exhibition in connection with the meeting is to be held for the first time, and more than sixty manufacturers have already arranged to display their products.

Nor will the event fall to be of interest to the public. At certain hours, all who so wish may view the exhibits, which will prove of great educational value, for the comparative values of many of the newest instruments may be studied under opportunities that are rarely available. The social side of the convention will be most attractive. A musical program of exceptional merit has been settled upon, including selections by the United States Marine Band at one end of the auditorium and by the Boston Ladies' Orchestra at the other. On Saturday, the Wednesday Club will give an oratorio, both afternoon and evening, with a chorus of 300 voices, accompanied by the Boston Ladies' Orchestra.

**May Unique Exhibition.**

Unique is the plan adopted for the exhibits. Each one of them will be a salesroom in itself, with a regulation store front, the interior decorated and illuminated in the most artistic fashion. A special lighting scheme of the auditorium at the exhibit building consists of six large electric fixtures hung from the centre of the building, each having 160 electric lights of the same design used at the last inaugural in Washington. The entire decolored scheme for the interior will be white and gold, carried out in pleasing perfection.

The hours of the exhibition have been so fixed as not to conflict with the sessions of the convention. The sessions of the organization will be held in the evening between 2 and 6 P. M., while in the evening the doors will be thrown open to the public.

**Elaborate plans are being devised for the entertainment of the women who may accompany members of the association. Among these is a trip to the races at the Fair Grounds on Monday afternoon. That evening they will be invited together with their escorts to an entertainment in the Jefferson hotel, after which refreshments will be served. On Tuesday afternoon they will have an opportunity of attending a matinee at the Academy. The following morning they will be taken on a tour of the city. An all-day trip is scheduled for Thursday, including a ride down the James to Jamestown on the steamer Pocahontas. The banquet of the association will be held Wednesday evening in the large ballroom of the Jefferson.**

**Great Help to Public.**

"This convention is of tremendous interest to the public," said J. G. Corley, of the exhibition committee, last night. "The underlying was not, in formation, this body will demand a square deal to the public and largely such treatment for the firms whose business ethics are placed on a high plane. In following out this idea the association has naturally been of inestimable benefit to its members. That one is known by the company he keeps is true of the firm that keeps company with this national association and adheres rigidly to its tenets. Among other things which the body demands are fairness in advertising, one-price goods, and that price a reasonable one; the instruction of the public by piano dealers in the care of an instrument, guarantees and the many other things concerning which the average man knows little and thinks of small importance."

**The member who allies himself with this organization takes upon himself obligations in his relation to the public that must tend to place the business on a higher standard. The interest of the buyer will be one of the principal subjects of discussion in this next annual meeting, and the reader who follows the sessions will learn much that will prove of inestimable benefit to him."**

## Council Schedule.

Besides the regular monthly meeting of the Common Council to-morrow night, the Committee on Cemeteries has been called to meet at 8 o'clock. Tuesday the Committee on Street Cleaning, Improvement of the James River, and Light will meet at 8 P. M. On Wednesday, the Committee on Local Assessments is scheduled, and on Thursday, the Grounds and Buildings Committee will meet at 8 P. M.

## Automobile Cases Dismissed.

There were several cases of alleged violation of the automobile ordinance in Police Court yesterday morning, but all were dismissed. W. W. Taylor, agent for the Chesapeake and Ohio Railway, was charged with violating his car without a number tag; J. G. Corley and E. B. Williams were charged with speeding; and G. Koorn, a Spitzer and Son employee, was charged with failing to have licenses.
